

gwf | caring everyday

GWF is proud to support the communities in which we operate our businesses in Australia and New Zealand.

Through our community program, **'caring everyday'**, GWF supports our charity partners and community initiatives through donating our products and providing funding to support nutrition and health related education programs for disadvantaged children.

We also encourage and support our people to connect and contribute to their community through payroll giving, fundraising, donations and paid leave for volunteering.

As a food company, it's another way we can 'delight people every day with the simple pleasure of good food.'
